Your election ballot is included with this issue of TNA NEWS. As a member, please vote even though there will be very few contested races. There will be a few write-in candidates who have sent in a letter of acceptance which is necessary for that candidate to be eligible for election.

******

The ANA MIDWINTER convention held in San Antonio was a success thanks to the committees made up from members of Gateway and Alamo Coin Clubs of San Antonio. Each and every one deserves a vote of thanks from all in TNA.

******

With the above now in the past let each of us make plans to attend the annual TNA convention in El Paso April 19-21. The host, International Coin Club, has a full slate of committees and each is functioning well. One of the feature events will be Friday night at the Dog Races in Juarez, Mexico. Time? 7:30 p.m., Cost? $12.50 per person. The package includes bus transportation, admission to the track, one free cocktail, buffet dinner seated in the Jockey Club and public recognition of TNA. The feature race of the evening will be dedicated to TNA and photos will be made of the group. Arrival back to the Holiday Inn will be about 11 p.m.

Hanks and Associates of El Paso will conduct a 500-lot auction of select and high quality coins. Approximately 150 dealers including many new faces will be attending. WE WISH TO REMIND DEALERS TO BRING YOUR TEXAS SALES TAX PERMIT! An exceptional group of speakers will make up the educational program panel.

The U.S. Treasury Department of Printing & Engraving will have a working model of the Spider Press. This is the same press that produces the engraved pictures of

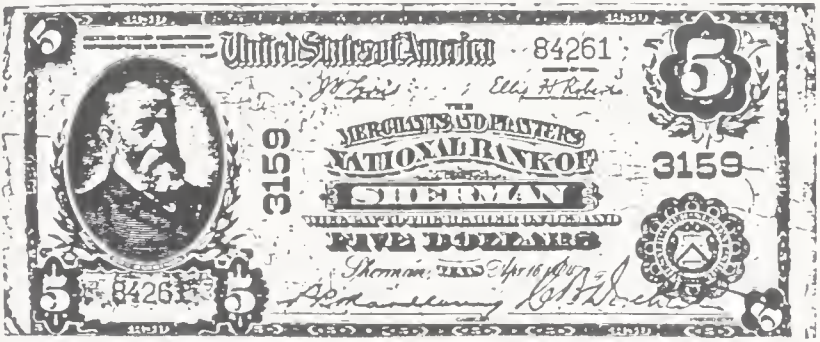
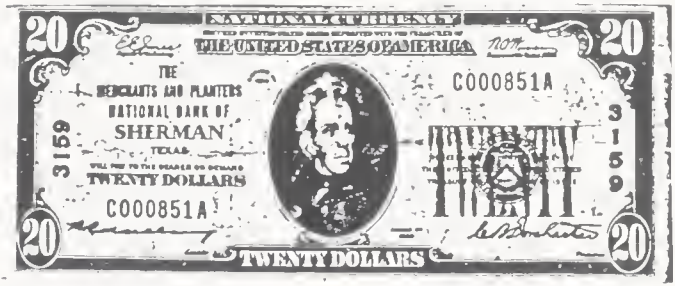
SHERMAN BANK LARGEST IN SOUTHWEST 'TIL 30's

Frank Clark
Dallas, Tx.

The largest bank between St. Louis and Galveston was the Merchants and Planters National Bank of Sherman, Texas. This was true up until the Great Depression. Let's look at the year 1922. The Merchants & Planters had deposits of almost 30 million dollars and that was larger than any bank in Dallas or Houston.





The reason why the Merchants & Planters was so large was that it had more correspondent bank accounts (accounts with other banks) than any other bank in the state of Texas. This was so because Sherman was the railroad headquarters in this region and naturally drew many banks in the southwest to establish accounts with the Merchants & Planters. Another reason was that

Sherman was also known as the banking capitol of the Indian Territory and this carried over when Oklahoma became a state. Practically every bank in Oklahoma had a correspondent bank account with the Merchants & Planters.

This prominence for the Merchants & Planters even went back as far as 1885. Below is a table that reflects the banking scene in Texas as of July 1, 1885:

City	Population	# of Banks	Paid-In Capital
GALVESTON	35,176	7	$ 710,000.00
HOUSTON	28,510	5	750,000.00
SAN ANTONIO	28,125	5	775,000.00
DALLAS	28,007	6	580,000.00
FORT WORTH	25,012	5	950,000.00
AUSTIN	16,832	4	610,000.00
WACO	11,211	4	375,000.00
SHERMAN	9,002	2	1,000,000.00

The two banks in Sherman are broken down as follows: The National City Bank had paid-in capital of $400,000.00 and the Merchants & Planters had paid-in capital of $600,000.00. For 16 years M&P was recognized as the largest bank in the southwest.

The following types of national bank notes were issued by the Merchants & Planters: Second Charter Brown Backs, Third Charter Red Seals, Third Charter Dated Backs, Third Charter Plain Backs, Series 1929 Type $1's and Series 1929 Type $2's. The total amount of circulation issued was $8,594,730. As of July 1935, the amount outstanding was $342,925.

In October of 1929 the Merchants & Planters absorbed the Commercial National Bank of Sherman, Charter #10607, because the bank was placed in voluntary liquidation. The M&P is still in business today and is a respected member of the banking community.

WHOOPING CRANE — TALLEST BIRD
KING RANCH — LARGEST RANCH

In 1979 I initiated my first "Whooping Crane" design on large wooden money with the crane stretched out over a map of North America.

At the same time my son, Gary **CRANE** Littrell, founder of the Canadian Large Cent Club, placed a wooden nickel order with the same firm, designed toward the large cent. It is with some intrepedation and tongue in cheek that I belatedly explain that these two unrelated orders inadvertantly got placed in the factory "mixmaster" and with a little help from the printer's devil, outpoured a big nickel (his and

mine), a little nickel and another nickel printed with inverted type so that it took a mirror to read the inscription.

I have not ascertained up to this time whether the confusion at the factory was caused by Gary's middle name being **CRANE** or whether the order was influenced by the fact that Gary had the Whooping Cough when he was a child.

To make a short story long I have decided to redress the problem by resurrecting the original No. 1 two-inch die (with a mintage of only 40) and extend the 1979 Whooper so that collectors still missing No. 1 might have a complete gaggle.

In place of the reverse error that appeared on the original two-inch wood, I am adding an interesting vignette and design about the Rich-

ard King Ranch - the largest ranch in America.

In 1963 I was invited to help plan for Corpus Christi's first all air con-

ditioned high school named after the King family. Featured in this building was Texas' first public school planetarium with a curriculum directed toward the space age of tomorrow.

The map pictured on the reverse of the wood is patterned after an 1839 document prepared by the General Land Office of Texas. The pilot wheel shown symbolizes Richard King in 1847 when he served as a river boat captain on the Rio Grande River while running arms to Old "Zack" Taylor's U.S. armed forces in the war against Mexico.

The border represents the spiny shrub-like tree that stands for the early hardships settlers had against rattlesnakes and Karankawa Indians.

The Wild Horse desert was the land that occupied the territory between the Nueces and the Rio Grande Rivers. These horses later were to become known as the original Mustang animals used by the cowboys.

PEGASUS, the mythologically winged mustang in the sky, has an added meaning through the instruction afforded in the school Planetarium that helps to bring the rich heritage of the past closer to the space age of the future.

The king's crown stands for qualities of leadership and dignity. It blends well with Queen Elizabeth's Canadian crown that appears on both their paper and metal money now in circulation.

METALS EXPO '85

Plans for the first comprehensive precious metal conference and exposition are well underway. PRECIOUS METALS EXPO '85 is scheduled for March 25-27 in Orlando, Fla.

The Gold Institute will be one of the exhibitors and its booth will illustrate the very wide range of gold uses. The many panel discussions and workshops planned over the three days will include presentations by members of **The Gold Institute** staff. There will also be sessions on investments in gold.

MCINTIRE NUMISMATIC AUCTIONS urges:

PLAN FOR 1985

McIntire Numismatic Auctions is pleased to announce their 1985 Auction Schedule:

April 25-28, 1985. CENTRAL STATES NUMISMATIC SOCIETY (CSNS). In Minneapolis, Minnesota in 1985, we are pleased to be able to present our second CSNS Sale in conjunction with what most consider to be the second largest numismatic convention (behind the ANA) in the country. Last year in Milwaukee we "made the market" in BU rolls when we sold the Great Midwestern Collection which contained 5348 BU rolls. They realized $1.3 million which was in excess of the Gray Sheet Bid at the time of the sale. Your collection can be the "named" collection sold in Minneapolis. Contact us.

November 14-17, 1985, NATIONAL SILVER DOLLAR CONVENTION SALE. Again in St. Louis, Missouri, the 1985 Sale promises to be the premier sale for silver dollars, the most popular numismatic series. The bourse will have over 300 silver dollar dealer specialists and will be well attended. Sell into this strong market. Contact us.

McIntire Numismatic Auctions urges you to take note of these blockbuster sales. Just as purchases are carefully contemplated so must be the disposition of your investments.

- We "shoot while the ducks are flying" — Our sales are held in conjunction with some of the country's greatest numismatic conventions.
- We offer high quality, expert cataloging with generous color and black and white photographs. We don't try to do a sale a month, just to do an auction. Our sales are carefully planned, and carefully cataloged to yield the best return for our consignors.
- We pioneered "discount" commissions in the numismatic auction business in 1981. Today we still offer the most competitive rates in the business. Our rates are from 0-10% depending on quality and size of the consignment. 0% on any single lot that realizes $5000.00 or more. (There is a 10% buyers fee.)
- All consignments are fully insured while in our possession. We are also bonded.

PLAN AHEAD: Contact us about selling into a strong market. Maximize your profits. McIntire Numismatic Auctions, P.O. Box 546, Jacksonville, Arkansas 72076. Phone: (501) 982-6150.

NUMISMATIC LITERATURE

The most popular area of ancient coin collecting is the Roman Imperial coinage. The popularity has been helped by the enormous quantity of coinage available for study, the use of the Latin alphabet and the systematic progression of emperors. One of the best basic books on the area of Roman Imperial coins is Klawans' READING AND DATING ROMAN IMPERIAL COINS. This book, combined with Sear's price guide and Stevenson, form a fine basic library for a collector of Roman coins.

More advanced students of the Roman series will want to get ROMAN IMPERIAL COINS or RIC which has been compiled in nine volumes (so far) by authors such as Carson, Mattingly, Sutherland and Sydenham. Starting with the issues of Augustus and going through the issues of Theodosius. Although the arrangement of the catalog changes disconcertingly from volume to volume, RIC remains the one most useful reference for the Imperial issues.

COINS OF THE ROMAN EMPIRE IN THE BRITISH MUSEUM, known as BMC and compiled by Mattingly, Carson and Hill is also quite useful for the advanced student of Roman Imperial Coins, although the listing stops with Elegabalus. Also useful is ROMAN IMPERIAL COINS IN THE HUNTER COIN CABINET (Glasgow) by Anne S. Robertson covers the issues from Augustus through Zeno and is quite useful. Weights are included to help in the correct attribution of some of the scarcer types.

Besides the standard references listed above, the collector of Roman coins has a large number of publications available which discuss some specialized aspect of Roman coinage. Also useful are the catalogs of both large, significant collections, and also the catalogs of the many dealers in ancient coinage. Careful study of catalogs will give the collector a true knowledge of availability and market value of Roman coins.

Greater Houston Coin Club's 28th Money Show is over and from all indications it was the usual good show. Nothing was heard about dealers not having a good show. I am sure that some did not have a fantastic show but they cannot say that attendance was poor. The first two days were wonderful as far as the weather, but Sunday saw a bit of rain in the morning with sun again out by the early afternoon. The exhibits left much to be desired as far as the quantity goes. There were only five competitive exhibits and some which were placed as non-competitive. Best in show went to Jack Storm of New York for his fine exhibit of Carolingians. I still feel that much of the success of a show lies in the exhibits and next year will see a greater effort on the parts of some of us to increase the number of competitive and non-competitive as well.

* * * * * *

January is now gone and MIDWINTER ANA is just around the corner. By the time this is in print, it too will be history. We are all hoping that San Antonio will offer better than a foot of snow for us. It is my understanding that exhibits in the MIDWINTER will be much different from those of the regular conventions. There are no first, second, third places but all who enter will receive some kind of recognition for his effort.

* * * * * *

Lastly but not least, after the MIDWINTER ANA comes the TNA convention in El Paso. There is a bit of breathing room between the two shows so that we may be able to spend a few dollars at both places. This is the first time that El Paso has had the opportunity to host the TNA. For us in Houston, when we reach El Paso we are half the distance to California. Considering this, we may be able to pick up some dealers from California who seldom or even never make it to Houston.

Don't forget that El Paso needs a lot of good exhibits. And those exhibits will need a number of good judges as well!

WELCOME TO EL PASO

WELCOME . . . BIENVENIDOS! The International Coin Club of El Paso takes pride in hosting the 27th Texas Numismatic Association convention. El Paso, the fourth largest city in Texas, and its sister city Juarez, Mexico, provide a population base well in excess of one million people. We expect 150 quality dealers to attend the convention. In addition to the many dealers from Texas that regularly attend, we expect many from New Mexico and Arizona as well as some from other states. An outstanding auction will be held that features many rarities for the discriminating collector. We have planned a fun-filled dinner and evening at the greyhound races in Juarez that everyone will enjoy. El Paso affords an excellent opportunity to get away and have some fun with its mountain scenery, local museums and numerous fine eating establishments. We are advertising heavily to turn out the crowds at the convention in the new Civic Center. If we can be of any help to you in planning your trip to El Paso, please call on us. We look forward to your visit to the Sun City.

GOLD PERCENTAGES

Gold at 24 karat is 99.5 percent pure. If it weren't alloyed a little, you could mold it with your fingernails. Most gold jewelry in the U.S. is 14 karat - 58.33 percent. In Europe, most is 18 karat. In Cairo, 21 karat. In West Bengal, 22 karat. In the trade, the goldsmiths of West Bengal are said to be the world's hest.

STORED GOLD

The most gold concentrated in one spot is in a vault at the Federal Reserve Bank of New York in Manhattan. It amounts to 12,600 metric tons and is the property of 80 different nations.

WORLD'S LARGEST LEGAL TENDER SILVER COIN

1985 will be a big year for the people of the Falkland Islands. One of the last remaining British colonies, the Falkland Islands will issue the largest silver legal tender coin ever minted. Struck by the British Royal Mint with nearly 5 ounces of sterling silver proof, the huge 25 Pound coin has a diameter of 65mm and weighs 150 grams. It is a unique one year issue coin and is the first coin to feature the new effigy of the Queen. The coin commemorates the 100th anniversary of the end of the "grant in aid" which had been voted by the British Parliament to support the domestic needs of the Falkland Islanders.

COLLECTIONS WANTED

We are actively seeking collections–USA, Mexico and Latin American. Any size. If you are seriously thinking of selling your collection, we will either buy outright, trade for bullion coins, or handle thru one of our auctions–whichever will bring you the best price for your collection. We will also consider individual rarities, especially in gold or silver.

If interested, please contact Dr. George Vogt. We are also interested in servicing your want list.
